The American Chiropractic Association 3rd Edition Clinical Documentation Manual was developed in consultation with insurers, licensing boards, colleges and other outside groups to help doctors of chiropractic as they assess and modify their current record-keeping practices.

Use key references from the current peer-reviewed literature to support the care you have rendered. Learn to counter biased IME reports on your own without having to spend hours in the medical library doing research.

Learn the essential secrets for how to win low speed impact cases from Dr. Alan Immerman, DC, veteran of 60 actual trials and 40 depositions. He will show you how any DC can qualify as a biomechanical expert in court today.

“There are other people out there that offer services but no one does it better and knows more about Chiropractic than ChiroCode Institute.”
