

Jan 24-26, 2014 Homecoming Seminar Highlights:

- Inflammation as the underlying causes of dysfunction/dis-ease, with specific interventions, including updated nutrition, laser and detox protocols.
- The Science behind nutrition, with the specific Top 10-15 Nutraceuticals needed in a practice.
- Beyond symptoms to specific observations and baseline testing protocols, including blood testing, blood - hair analysis testing and comparisons with computerized reporting and toxic urine challenges for heavy metals.
- A glimpse of 2014 and beyond in proper documentation, record keeping, EHR and preventing audits that could cost you many \$ and or your license.
- Advanced functional evaluation, including the foundation of health parameters to evaluate the individual patient's blueprint for proper treatment and increased results.
- Instrument and manual adjusting techniques, with neurology and kinesiology evaluation and treatment.
- Brandy will teach how to implement the new ICD-10, the proper format for using the correct codes to speak to the same language you used in your record keeping and documentation. She will give you the format to become compliant, know the regulations and help prevent potential penalties.
- Panel discussion with Dr Brett B., Dr John B., Dr Merkel, Dr Singer, Dr Cheryl Burdette. Find Answers to about any practice question.
- Hormonal dysfunction for females and males, with the domino effect in the body that go unrecognized as the true underlying dysfunction that cause many symptomatic expressions, such as amenorrhea, dysmenorrhea, PCOS, infertility, estrogen dominance, unable to go full term, impotence, ED, loss of muscle mass, fatigue, mood swings, lack of sex drive...
- Naturopathic insight from Dr Cheryl Burdette on proper gut function as the window to prevention and remission of many manifestations of dysfunction, such as leaky gut, histamine's role, pathogens, inflammation, food sensitivities and allergic reactions.
- Basic and Advanced Protocols with Laser, Adjustor (ArthroStim), Percussion, total body Vibration, Heavy metal and Toxic Halogen Protocols, Light Therapy in Weight Loss etc. within the Six Steps to Wellness, ASA (Allergy/Sensitivity Assessment).
- Dr David Singer will give us insights in patient communication and the Art of Practice building and increase.
- How to utilize the eyes to identify hidden neurological dysfunction, with corrections.
- DNA testing in true Anti-Aging and improving function by Ruthie Harper, MD.

See you in January!

Dr. John Brimhall graduated cum laude with a doctorate in Chiropractic from the Palmer College of Chiropractic in 1971.

Known in the chiropractic field as the "Father of Wellness," Dr. Brimhall has pioneered the most advanced program for improving treatment outcomes. The Six Steps to Wellness program being taught today encompasses what he has learned over the years.

Doctors trained to use Brimhall protocol report tremendous improvements in their practice: healthier patients, enhanced profits, and more self-confidence when faced with difficult cases. Dr. Brimhall has been lecturing with some of the world's greatest advocates of health and wellness since the 70s.

He is a best-selling author of Solving the Health Puzzle with the 6 Steps to Wellness, a researcher, and a consultant. He has also patented two chiropractic instruments, has formulated more than 150 nutritional supplements and is the formulator of the BioEnergyX line manufactured by XYMOGEN..

Dr. Brimhall recently joined the XYMOGEN Medical Board of Advisors as its Director of Educational Development.

Dr John, Brandy, Trig n Teagan want to personally invite you to join us at Homecoming 2014.

We also want to thank you for the wonderful years so many of us have traveled the road of hope and healing together.

May the close of 2013 and the beginning of 2014 bring great joy and prosperity to you in your service to Humanity!
