The Purple Cow Laser Winner

Who's the lucky winner?!

Many of you already know that the lucky winner is Dr. John Cannon.

But here's something you might not know...Dr. Cannon is a brand new chiropractor. He recently established Total Health Chiropractic in Dover, New Hampshire where he lives with his loving wife and wonderful family.

Dr. Cannon entered the drawing by attending two seminars one in Des Moines and the other in Houston. Little did he know that his attendance not only would leave him with greater knowledge and increased confidence through hands on practice but that he was going to win.

Dr. Cannon said, "I received a call from Dr. John with the news, I was overwhelmed with gratitude. The news came at a great time, and I am very eager to get going using the Brimhall protocol and my new Purple Laser!"

You can find Dr. Cannon at the Brimhall Certification this August. Make sure to say hello and congratulate him.

Tips & More

TECHNIQUE TIP OF THE WEEK by Dr Jeff Maitland.

Find out how to use the **laser** and the **percussor** together to effectively manage some very difficult myofascial problems body builders develop from vigorously pursuing their sport.

Brimhall Seminar Vegas, Homecoming and LA Back to Back - SAVED MY MOTHERS LIFE

From: "Douglas R. Taylor, DC"

Dear Dr. Brimhall

I saw you in Las Vegas. You treated me in the Nutri-West Booth and the next morning I felt 10 years younger. I went to the seminar looking for ways to help my Mom who is suffering from many heart problems. That next day I stayed at your booth all day. I saw you work on Dr. after Dr. and got treated again. I felt as I haven't felt in years and I did something that is not character of me. I bought the red and the violet Erchonia Lasers and EB Pro footbath on the spot. I paid for three seminars and went

home and could hardly wait two weeks until I went to Phoenix Homecoming.

There for three days I was blown away. There was so much information I was on overload, but I felt so good I was getting up at 5:30 am again and working out for one hour. I concentrated on the laser work and especially the violet laser and worked on the nutritional protocol. I went home on Sunday and saw my Mom that night. I used what I had learned at the seminar and did a laser treatment, used the nutrition from Nutri-West that had been suggested at the seminar and gave her a footbath. By Friday she felt so much improved she was able to drive to pick my son up from school, something she had not been able to do for two months.

She had almost died, but now credits me with saving her life. Thank you for all of you hard work in bringing the six essentials to us so that we can help so many people. I look forward to learning more. Knowledge is power and you have turned on the power in me.

Eternally Grateful,

Doug Taylor, DC

Doctors Homecoming was a sellout

We are sorry we had to turn some away. We are sorry we had to crowd over two hundred of you together in the Phoenix Embassy Suites. No fear, we have signed a contract with the Hilton for 07 that holds over 300 in the main room. We are sorry Certification is sold out and we have over ten doctors wait-listed. Again, no fear because we have room in Salt Lake March 3, 4, 5 for you to catch the fire of this years teachings. You will have to view the miracles yourself. We will give you case history after case history and testimonials of the doctors that have seen the Violet laser and the Nutri-West nutrition in tandem, but you have to see it to believe it.

We are onto new science, discovery and recovery like I have never seen. We do not claim to understand all there is to know about the incredible results we are achieving. Our research is ongoing and new results and understanding are taking place daily. Please call 800-255-3292 now. One doctor waited until the last minute to get to Homecoming, paid 2,000 dollars for a plane ticket and we had to make special arrangements to get them a room. Was it worth it? He and his associate were back in LA this last weekend. His associate hadn't been able to raise her hands in front of her for several years due to injury. I treated her once with the Violet laser in Hawaii in December, put her on the indicated N-W nutrition and she improved immediately.

Dr. John
