BRIMHALL LETTERS AND CASE HISTORIES ON TOTAL BAC-T

Letter #1

RENEWED INSPIRATION...Paving the road to success.

Dr. Brimhall,

I first attended your seminar in Des Moines in November 2005 just because I needed the license renewal hours. Little did I know how life changing that would be? While we have been doing good work, I was starting to get a little bored at the same old routine. What I saw in Des Moines was just what I needed and had been looking for... a system to take people to a whole new level.

After thinking and praying for about a month, I felt led and compelled to bring this work to Central Iowa, so I officially jumped off the shore into the deep water and purchased all the equipment, including the violet/red DermaLaser.

We decided February was our month to begin the work. After watching the Basic and Advanced DVD's two times, and after going to Homecoming in Phoenix in January, I felt like we had enough foundation to get started.

Since I wasn't working on Wednesday afternoons, I decided Wednesdays would be "Wellness Days" and sent out a letter to all our current patients, announcing the new work. We set aside 9 half hour appointments on Wednesdays in February. In 5 days we filled up the 27 we had for the month and had 10 on the waiting list ... and started booking into March. We saw the first 9 the first Wednesday in February and even with my limited knowledge, I was able to get a "wow" out of all 9. One even said it was "a miracle!" We also sold a lot of Nutri-West nutrition.

Thank you for all the hard work you have put into developing this system and the efforts you and your team have made to help fellow chiropractors learn how to apply it. I also am part of a consulting company where I teach and help put on many seminars per year. I know the kind of energy it takes to pull off these meetings and how exhausted I usually am by Sunday. So again, thank you!

Looking forward to continual learning and the expanded ability to help more people to a greater level.

With appreciation,
Blake Haan, DC

Letter #2

KNOCKING THE SOX OFF OF THE MEDICAL PROFESSION

Dear Dr Brimhall,

A second letter comes from North Carolina, where the Certified doctor team and office of Angelina and Josh Stevens found themselves and four staff teaching at Duke University Medical Hospital the 6 Steps To Wellness. This was to 15 staff radiology nurses and supervisors. They demonstrated the Nutrient Scan with the Nutri-West nutrition, the Erchonia Laser, Foot Bath, emotional work, A/SERT, Percussor, Adjustor, etc step by step.

It was a 2 1/2 hour presentation and nobody wanted to leave when it was over. Their quote is, "The nutrition scan knocked their socks off. Yes, we have already been approached to come back for those who missed the presentation and possibly to be presenters at a regional radiology conference. We just do the Brimhall Protocol and the miracle happens over and over."

CASE HISTORIES ON TOTAL BAC-T

Case #1

A rash presented on the faces of our children and began to slowly get worse. So I checked out the allergy point and found out it was an allergic reaction. I just decided to test a couple of products that we don't usually use or have in the house and found out it was the anti-bacterial hand lotion that we recently started buying. I looked at the label and saw propylene glycol as a main ingredient. So we stopped using that and the Total Bac-T cleared up the rashes in 24 hours. I love our N-W products.

Case #2

I've used the T. Bac-T with our kids with Flu like symptoms and they cleared up within 48 hours.

Case #3

I used 2 drops of Total Bac-T in 3 Oz. of breast milk to clear up my 5-week old twin's rashes. It worked beautifully. I don't know if you want to consider listing the Total Bac-T under children's support.

A NOTE FROM DR. BRIMHALL

Practitioners, Certification was a sellout and a blowout for all of those that attended. It was an incredible life-changing experience for all of us. We will include some of the doctor's miracles in upcoming Puzzle Pieces. They are tearjerkers. We awarded a Purple Cow award to the best miracle through the 6 Steps To Wellness Protocol. Deciding among the miracle stories was almost impossible.

We really are mentored in miracles and come to expect miracles daily. It is so gratifying to put the WOW and the Miracles back into Chiropractic and wellness care from all professionals that follow the Protocol correctly and consistently.

Your Body, Your Health, Your Choice,

The Brimhall Wellness Team and Family

Dr. Brimhall's Health Puzzle Piece is a weekly email newsletter distribution that has been brought to you by the collaborative efforts of the Brimhall Wellness Team. All newsletters are published and available at www.BrimhallPuzzlePiece.com a division of Health Path Products, LLC.
