BRIMHALL LETTERS PART II

THE GOOD NIGHT SUIT SEES MANY DAYS

Dear Dr. John,

A patient, named Bill R. told me today, that he was wearing a new suit to a special event at the Governor's Mansion this week. The new suit is the same suit he purchased one year ago to be buried in!

Bill R. contacted my office 1 year ago. He presented after being told that his kidney function was at 20%, and that he would need dialysis or he would die. His health had deteriorated over a 10-year period while under medical care. He was diabetic, hypertensive, and experiencing kidney failure. Drug therapies failed to reduce his blood pressure or his blood sugar.

We started with the Health Scan and made appropriate nutritional suggestions, which included: Total Heart, Homocysteine Redux, Vana Chrome, Total Liver Detox, C.L. Kidney, C.L. Pancreas and DSF. We initiated the Erchonia Foot Bath immediately. Structural treatments included both spinal and cranial adjusting. Treatment included the Erchonia Laser. Bill read Dr. Schwarzbein's book and began appropriate life style changes immediately.

Bill had decided that he did not want to live if he required dialysis. When he went for the dialysis, he was told that he no longer needed it! They were sure, however, that he would need it in the future. Every three months he returns for follow up, and he continues to improve.

He is no longer hypertensive, and his blood sugar has dropped 110 points. Little wonder that his kidneys are improving! Bill is now counting on wearing his "burying suit" for years to come. He is building a new shop to pursue his hobbies and craft interests. He looks forward to seeing his grandchildren grow to adulthood.

Of a personal note: there is nothing on earth that can compare with watching God save a person's life. I made a commitment 9 years ago to see miracles in my clinic. At that time I knew nothing of Brimhall Wellness, but I began my search. I am grateful for coming in contact with Dr. Brimhall and adding a whole new dimension to my practice. Now I see miracles daily!

Sincerely,

Rick L. Townsend, DC, NMD

A NOTE FROM DR. BRIMHALL

Just this past week I was asked about the protocol for helping someone on dialysis and a second question on helping someone with a transplant. Dr Rick covered the bases. You must evaluate all 6 interferences and correct them with the 6 Steps To Wellness.

Test for the specific Nutri-West nutrition with the Total Scan; use questionnaires, blood, hair and/or saliva analysis for added information. Adjust appropriate structure, including craniosacral correction. What can give the extra help many patients need is visceral manipulation. All organs are in motion normally. They move three-dimensional if in normal motion. Dr Fulford taught this work, as does Dr Jean-Pierre Barral in his book entitled Visceral Manipulation, ISBN 0-939616-06-8.

The kidneys can drop or fixate from normal motion. We have been able to help the body to function normally where dialysis was no longer needed or allow a transplanted kidney to start to function by the use of all six steps. Visceral manipulation has been a major player. We teach this technique in our seminars. It is too detailed to cover in a Puzzle Piece. Intention is more important than technique and the practitioner can use hands only or utilize the Erchonia Percussor to great advantage.

It is important that you use the Erchonia red 635nm Laser and or the DermaLaser red 635/violet405nm to treat the organ, the nerve supply, the appropriate brain areas and of course any scar tissue. The frequencies could be 9, 33, 60, 42, 53, 465 etc. Of course the footbaths are very helpful for energy balance and detoxification.

THE BOOK IS OUT

We are excited about our book: Solving the Health Puzzle with The 6 Steps to Wellness now being out. It will give you and the patient the insights to evaluate and treat each piece of the puzzle. There is a special discount for case prices that many doctors are taking advantage of to educate their patients and community.

Product Orders

Please remember to call our office for the book and call us direct for any of the Erchonia Products, including Lasers, Adjustors, Percussors, and Footbaths etc. at 866-338-4883 or 480-964-5198.

Good Bless You and Your Families,
The Brimhall Wellness Team and Family

Dr. Brimhall's Health Puzzle Piece is a weekly email newsletter distribution that has been brought to you by the

collaborative efforts of the Brimhall Wellness Team. All newsletters are published and available at www.BrimhallPuzzlePiece.com a division of Health Path Products, LLC.
