One More Piece of the Puzzle
For Wellness

Start Your Day with Miracles

The following miracle cases were sent in by Dr. Bob Ornelas

Greetings Dr. John,

Everyone needs to understand the importance of taking Nutri-West Total (plant) Enzymes and Nutri-West Total Probiotics. Here are two of many miraculous examples.

Miracle #1

I treated a 38 year old female that is very active in exercise and eats three meals per day. Her condition is that she only has one bowel movement per week. She has had this condition for many years. Once she started on the enzymes and probiotics she now has three bowel movements every two days. Of course we do all of the Six Steps to Wellness program to achieve these results.

Miracle #2

A second case is a 60 year old female who has constant congestion in her throat after each meal. She has been on many different medications for this condition for five years and nothing seems to work. The following day after her health scan she had immediate results after taking the enzymes and probiotics. She came to the office a day early to buy more T Enzymes and T Probiotics so she would not run out. Again one must do all six steps to wellness program to achieve these results.

Thanks Dr. John for making this available to us.

Dr. Bob Ornelas, Chiropractor

A NOTE FROM DR. BRIMHALL

Sometimes a physician or practitioner looks for hidden causes to problems when the answer is in the basics. This is why the standard protocol calls for Total Probiotics, one three times per day for the first three months of care and then one per day in the morning for life. We all need this help. The standard Brimhall protocol also calls for Total

Enzymes with each meal for life unless you are eating at least an eighty percent raw meal.

A question we get often is about when patients are not testable. Please refer to your Seminar Manual on the first page of the Nutrition Section labeled Clearing Procedure. It states: If the patient is not testable, first give DSF glandular or herbal, second give them a Multipolar Magnet, third water, fourth Total Enzymes, fifth Whole System EEP, sixth test for cranial or foot subluxations and occasionally heart support such as Total Heart I or II may be necessary.

If that does not do it, it is usually emotions locking them up or doctors it is you. If you are locked, you will have difficulty testing others. It is most important we get tested and treated for our sakes and our patients.

You and your neighbor need to get Certified and follow the protocol for yourselves as well as for your patients. As we go around the country and see the doctors identifying and correcting the 6 Interferences in their lives and in their Patient's lives with the 6 Steps to Wellness, we see joy, health and prosperity.

The Violet/Red or DermaLaser has taught us more about being non-testable and being switched (neurologically disorganized) than we ever suspected. This protocol we have discussed in several past Puzzle Pieces, [view past articles](#). We first shine the violet laser on the adrenals, spine and then the heart for revealing hidden and now revealed imbalances in structure, nutrition and emotions of the adrenals and spine. We then treat all three areas (spine, adrenals and heart for emotions) with the Violet/Red laser. Every patient I have treated this way has benefited by their subluxations being corrected, their range of motion increased, any pain reduced and they are now testable and no longer switched.

This has confirmed to us that stress and especially adrenal stress and the General Adaptive Syndrome is a major culprit for locking the patient up, neurological disorganization and disease in general.

Our new book ***Solving The Health Puzzle with The 6 Steps To Wellness*** helps you and your patients to understand and follow the course to health and wellness, as well as create the prosperity you deserve. We are almost out of the first printing already and have ordered the second. Please use the book, the CD's, DVD's, Report of Findings, the Brimhall Web Site and Patient Newsletters, etc. that we have developed, just for you.

I just saw an e-mail stating legislature has introduced a bill that would remove all mandated coverage from insurance companies. This would be the final ax in Chiropractic coverage. YOU MUST POSITION YOURSELF AS THE DOCTOR or PRACTITIONER OF THE FUTURE IN THE WELLNESS REVOLUTION.

Yours in health, wealth and happiness,

The Brimhall Wellness Team and Family

Questions and Answers About the Brimhall Web Sites...

We want to thank our Brimhall doctors for your support and interest in

the Brimhall Web Sites. We have received numerous excellent questions about our services.

We started a Q & A web page listing Questions and Answers that you might find helpful. [Take a look...](#)

Also, we are using our [Web Site Samples](#) page to post all updates and announcements to our web sites that are to be released on June 1st.
